Kyocera™ TK 440	Kyocera™ TK 7107	Kyocera™ TK 440
		Kyocera™ TK 450

In order to facilitate our future Kyocera Toner offerings we have worked with our manufacturing partner (MCIC) to combine most available models into 2 toner formulas. These formulas will replace the current UT19F1, F2, F3 and F5 formulas in the near future. As you may have heard Mitsubishi will cease pulverized toner production in March 2019 and it is our objective to cooperate with Mitsubishi and a sub-contractor to continue to produce an exclusive Kyocera Toner for you. While using the Mitsubishi formulas in combination with newer raw materials and toner manufacturing technology it will be possible to combine 4 formulas into 2 formulas.
